

WNET ROUNDTABLE SESSION

The WNET Roundtable (Women's Network for Entrepreneurial Training) is a mentoring and support group for women business owners. Participants receive practical support and guidance from a range of individuals with a wealth of experience in an informal, ongoing relationship – the most effective way to build a network. The WNET Roundtable offers what no other networking group does; access to public and private sector individuals providing a unique array of contacts, services, and suggestions, SBA representatives and SBA resource partners plus other organizations.

You are invited to join us for our first WNET Roundtable Session. The panel will consist of representatives from **Georgia Women Business Council, Small Business Development Center, Governor's Small Business Center and the Hispanic Chamber of Commerce and SCORE.**
